“Dinner and a Movie”

“Signs”Mel Gibson stars as a Pastor who has lost his faith over the tragic death of his wife. He and his children along with his younger brother live on a farm of corn crops. They encounter a large sign on their corn crop and are told it could possibly be extraterrestrials. The suspense is great and the underlying story of the movie is how Gram’s (Mel Gibson) faith is restored.

I wanted tomorrow night to be relaxing and fun for the kids! I hope you guys will enjoy it as well. I want to bring the chairs and B-bags out of the Menagerie for the kids to sit on.

Before the movie starts I will instruct the kids on what to do. There will be tinfoil on the tables for them to make a cheesy hat with! When they watch the movie, they will see why they made the hat!

The kids will still be eating when the movie begins; we will pick up their plates and cups for them so they do not miss the movie. We will also serve popcorn and candy during the movie for a more novelty experience!
